#### **PREFERENCES – A NOTICE TO VENDORS (SEP 2009)**

On June 16, 2009, the South Carolina General Assembly rewrote the law governing preferences available to in-state vendors, vendors using in-state subcontractors, and vendors selling in-state or US end products.

This law appears in Section 11-35-1524 of the South Carolina Code of Laws. A summary of the new preferences is available at [www.procurement.sc.gov/preferences](http://www.procurement.sc.gov/preferences). ALL THE PREFERENCES MUST BE CLAIMED AND ARE APPLIED BY LINE ITEM, REGARDLESS OF WHETHER AWARD IS MADE BY ITEM OR LOT. VENDORS ARE CAUTIONED TO CAREFULLY REVIEW THE STATUTE BEFORE CLAIMING ANY PREFERENCES. THE REQUIREMENTS TO QUALIFY HAVE CHANGED. IF YOU REQUEST A PREFERENCE, YOU ARE CERTIFYING THAT YOUR OFFER QUALIFIES FOR THE PREFERENCE YOU'VE CLAIMED. IMPROPERLY REQUESTING A PREFERENCE CAN HAVE SERIOUS CONSEQUENCES. [11-35-1524(E)(4)&(6)]

#### **PREFERENCES – RESIDENT VENDOR PREFERENCE (SEP 2009)**

To qualify for the RVP, you must maintain an office in this state. An office is a nonmobile place for the regular transaction of business or performance of a particular service which has been operated as such by the bidder for at least one year before the bid opening and during that year the place has been staffed for at least fifty weeks by at least two employees for at least thirty five hours a week each. In addition, you must either: (1) maintain at a location in South Carolina at the time of the bid an inventory of expendable items which are representative of the general type of commodities for which the award will be made and which have a minimum total value, based on the bid price, equal to the lesser of fifty thousand dollars [\$50,000] or the annual amount of the contract; or (2) be a manufacturer headquartered and having an annual payroll of at least one million dollars in South Carolina and the end product being sold is either made or processed from raw materials into a finished end product by that manufacturer or its affiliate (as defined in Section 1563 of the Internal Revenue Code).

#### **PREFERENCES – SC/US END PRODUCT (SEP 2009)**

Section 11-35-1524 provides a preference to vendors offering South Carolina end-products or US end-products, if those products are made, manufactured, or grown in SC or the US, respectively. An end-product is the tangible project identified for acquisition in this solicitation, including all component parts in final form and ready for the use intended. The terms "made," "manufactured," and "grown" are defined by Section 11-35-1524(A). By signing your offer and checking the appropriate space(s) provided and identified on the bid schedule, you certify that the end-product(s) is either made, manufactured or grown in South Carolina, or other states of the United States, as applicable. Preference will be applied as required by law. Post award substitutions are prohibited. See "Substitutions Prohibited - End Product Preferences (Sep 2009)" provision.

#### **PREFERENCES – BID SCHEDULE**

All preferences must be claimed by initialing in the space provided in the bid schedule. Preferences are applied by line item whether the award is to be made by line item or lot. If you request a preference, you are certifying that your offer qualifies for the preference you have claimed. If you qualify for a preference but do not request it, you are not entitled to receive preference applications per 11-35-1524.

RVP = Resident Vendor Preference

USEP = United States End Product Preference

SCEP = South Carolina End Product Preference

#### **SUBSTITUTIONS PROHIBITED – END PRODUCT PREFERENCES (SEP 2009)**

If you receive the award as a result of the South Carolina end product or United States end product preference, you may not substitute a nonqualifying end product for a qualified end product. If you violate this provision, the State may terminate your contract for cause and you may be debarred. In addition, you shall pay to the State an amount equal to twice the difference between the price paid by the State and your evaluated price for the item for which you delivered a substitute. [11-35-1524(B)(4)]

## **NO INDEMNITY OR DEFENSE**

Any term or condition is void to the extent it requires the State to indemnify, defend, or pay attorney's fees to anyone for any reason.

## **SOFTWARE LICENSING AGREEMENTS**

(a) Definitions. As used in this clause, these terms are defined as follows:

"Commercial Off-The-Shelf (COTS) Software" means software used with no customization and for which source code is not made available to licensees.

"Configuration" means any customer-specific modification to software that does not require changes to the software's source code, such as rules-based, rules engine based, or parameter driven modifications to configure the software.

"Customization" means any customer-specific modification to software that requires changes to the software's source code.

"Firmware" means software sold or licensed only in conjunction with machines, designed for execution only on a machine with which it is provided, designed only for machines other than a dedicated computer, and embedded into or installed on the machine by the machine's manufacturer or seller.

"Licensor" means an entity that owns the intellectual property rights for an item of software or has the authority to license or sublicense the software directly to the using governmental unit.

"Piggyback" means the document attached to this solicitation and entitled *South Carolina Standard Amendment To End User License Agreements For Commercial Off-The-Shelf Software – Single Agency*, which serves as South Carolina's standard amendment to a licensor's standard software licensing agreement (regardless of how denominated, e.g., master software licensing agreement, end user license agreement) for COTS. [Note: While the piggyback is generally indicative of what the State finds acceptable, terms in a Licensor's standard software licensing agreement may need to be negotiated.]

"Software" means a combination of computer instructions and data definitions that enable computer hardware to perform computational or control functions, excluding firmware.

"Software licensing agreement" means any agreement, regardless of how designated, that defines the intellectual property rights for, or the rights to use, any software product. A software licensing agreement must address only terms directly associated with licensing the right to use the software and must not address any of the work governed by the contract or any services (other than warranty services regarding the software code or associated documentation).

"Software maintenance" means the process of modifying software after delivery to correct faults, improve performance or other attributes, or adapt to a changed environment. (Reference ISO/IEC 14764:2006, as amended or superseded.) Software maintenance does not include any customization or configuration.

"Software product" means any COTS which you propose to provide pursuant to the contract.

"Source code" means computer instructions and data definitions expressed in a form suitable for input into an assembler, compiler or other translator.

(b) Contract and Software Licensing Agreement are Separate. The State seeks to establish related but independent agreements, one with each applicable licensor of COTS and one with the contractor -

regardless of whether the licensor and the contractor are the same or different entities. As provided in the clause titled "Bid / Proposal As Offer To Contract," a contract between the State and the contractor results from an award made pursuant to this solicitation. In contrast, the State's acceptance of your offer does not serve as the State's acceptance of any software licensing agreement; rather, software licensing agreements must be separately executed in order to be binding, regardless of whether the license to use the software will be granted by you or a third party. The contract, as defined in the clause titled "Definitions," will address all work (excluding the use rights for any software product) and all terms regarding pricing, payment, and delivery of any software product. Accordingly, the State intends to pay contractor in order to acquire license rights for any software product, but the license rights will be governed by a software licensing agreement with the licensor.

(c) **Critical Instructions.** (1) Your offer must identify each software product you propose to provide, identify the licensor, and explain which of the following licensing models apply: (i) you intend to license (or sublicense) the item directly to the State, or (ii) you intend to "resell" or distribute the item to the State (with licensing handled directly with the third-party licensor). You should use the Software Table attached to this solicitation to assist you in providing this information. **(2) Your offer must NOT include any software licensing agreements; however, for any software product identified in your offer, you must submit a software licensing agreement upon request of the procurement officer.** You must be prepared to provide any requested software licensing agreement within one business day of receiving a request. (3) Regardless of your licensing model, your price must include the cost of providing every software product you propose to provide to the State and those terms will form part of the contract.

(d) Pre-Condition of Award. If the work you are offering to perform is dependent upon the licensing of a software product by the State and the State is unsuccessful in negotiating an acceptable software licensing agreement for any software product for which it finds such an agreement necessary, your offer will be rejected. To facilitate the timely and successful negotiation of a software licensing agreement deemed necessary by the State, the State may ask you, after opening but prior to award, to acquire from the licensor an executed copy of the piggyback. You should communicate with the licensors for any major or critical software product well in advance of submitting a proposal, and licensors should be informed that few changes will be made to the piggyback. [The State already has, and continues to enter into, standing, statewide, licensing agreements for a variety of computer programs. Without limiting any of the above requirements, an applicable agreement may already exist for one or more items of COTS you have identified.
