

# SELF-SERVICE POS TO GROW REVENUE

rGuest® Buy integrates with your existing InfoGenesis® POS so you can serve guests 24-7.

- **Extend Your POS Reach** – A self-service, guest-facing kiosk reduces the time it takes to serve your guests. Adding this next-generation POS extends your reach to each guest.
- **Improve Guest Convenience** – They want to make their own choices – in their own time. Give them the freedom to browse menu options whenever it's most convenient for them with the rGuest Buy kiosk.
- **Reduce Staff Demand** – Guests casually select menu items, process their credit card payment and even print a receipt – all using a simple interface. No service staff needed. Increasing your service efficiency just got a whole lot easier.

Place anywhere on property to capture increased guest spending opportunities.
