

SPECIFICATION CHART

Images and models are for reference only, as Kiosk Group is a complete turnkey hardware solution provider and the options are endless. All kiosks have a multitude of tablet enclosure options available, including IOS/ iPad, WIN Surface Pro and Surface Go2, Samsung Galaxy TAB 10, Lenovo and Dell Latitude to name a few. Payment devices for check- in apps are also flexible- please specify the pinpad or reader type that your project requires and we will build it in. In addition, all kiosks can be customized with paint and graphics to better reflect your brand or use case.

** All kiosks are designed to be ADA compliant. However, to obtain proper height and reach for countertop and wall mount kiosks, the existing counter height or wall mount position may alter accessibility. Please see our ADA website at www.adakiosks.com or consult with our team at Kiosk Group for the optimal installation specifications.
