

Unique, Flexible, and Reliable

TARTAN

Digital Signage applications requiring specialized sizes and shapes have increased in demand over the last several years. To meet that demand, AUO has developed the TARTAN display series.

TARTAN DELIVERS:

- Unique, flexible and reliable displays for your digital signage experience
- Designed for 24 / 7 commercial applications
- A distinctive look and installation flexibility
- The TARTAN series is available in a variety of shapes and sizes
- TARTAN displays create higher visibility and infinite possibilities for innovative digital signage designs

AUO Leads in Non-Standard Displays

AUO TARTAN displays utilize photomask manufacturing processes which assure enhanced performance and high reliability. TARTAN displays offer industrial-grade performance to support long lasting, demanding operations, including store front, transportation, and entertainment venues.

Native Photomask for Longevity & High Quality

Enhance Your Customer's Journey with TARTAN

AUO TARTAN series includes round, square, and stretched displays in a variety of standard sizes from 28" to 48.5". The distinctive displays are inherently eye-catching and can be used in a wide variety of ways. From retail to entertainment, indoors or outdoors, the new form factor displays are uniquely suited to foster an experiential viewing experience. AUO can also provide customers with customized shapes and sizes for truly distinctive requirements.
