# CASH-TO-CARD KIOSKS & REVERSE ATMS

REDYREF presents a comprehensive CASH-TO-CARD solution encompassing both self-service kiosk hardware and a sophisticated software platform. Our end-to-end system empowers customers to effortlessly convert cash into a prepaid Mastercard at designated self-service kiosks. This centralized approach allows efficient cash collection while enabling customers to utilize the prepaid Mastercard within the property(s) and globally wherever Mastercard is accepted.

## Benefits of Cash-to-Card Kiosks

- Elimination of cash theft
- Prevention of robbery incidents
- Mitigation of counterfeit money risks
- Reduction in staff costs associated with cash acceptance and handling
- Streamlined accounting and cash management processes
- Alleviation of pathogen concerns linked to the overall handling of cash

ADA CAPABLE  
ISO 9001:2015 CERTIFIED

THE REDYREF CLIENT PORTFOLIO PROUDLY INCLUDES:

## How Cash-to-Card Kiosks Work

REDYREF's solution involves strategically placing self-service kiosks near cash-centric areas like bars, restaurants, and concessions. Customers engage with a user-friendly experience:

- Choose a denomination for loading onto a prepaid Mastercard, with a limit of \$500.00
- Insert cash into the kiosk
- Instantly receive a non-reloadable Mastercard
- Utilize the Mastercard for purchases wherever Mastercard is accepted

## The REDYREF Offering

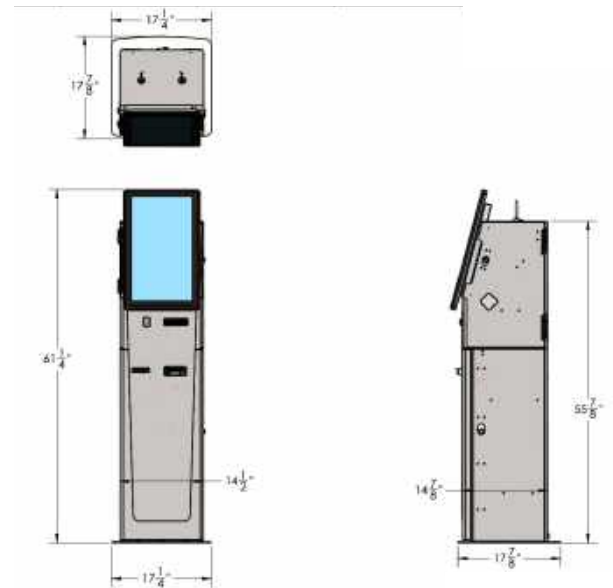

REDYREF provides a comprehensive package including:

- Self-standing kiosk featuring a 22-inch commercial-grade touch display with LED border lighting
- Receipt printer
- Cash acceptor
- Mastercard dispenser
- Physical Mastercards
- 24/7 customer support
- Training
- Cash pickup services
- Marketing opportunities on kiosk display and/or receipt

## Customer Responsibilities

Customers are required to:

- Reload cards into the kiosk (with cards provided by REDYREF)
- Cover installation costs
- Cover freight/shipping costs
