## How Food Fridge Works

### 24/7 Remote Monitoring:

Our kiosks are equipped with round-the-clock remote monitoring, enabling us to receive immediate alerts for any issues, such as connectivity issues or power failures.

### Security:

In the event of power failures or other necessary shutdowns, machines stay locked, ensuring safety and security at all times.

### Data-Driven Inventory Management:

Ability to continuously track sales and waste data to optimize inventory, reducing waste and ensuring popular items are always in stock.

## Fresh Food at Customers' Fingertips

### Customized Offerings:

Easily tailor the kiosk's offerings to meet the tastes and needs of your customers, ensuring satisfaction for everyone.
