Connection Without Compromise.

Supercharge your next phase of growth with DPL's Hercules routers.

Model: ATM-510 LTE
Serial Number

Radio Module: FCC ID: XMR201808EC25AF, IC: 10224A-201BEC25AF

WARNINGS: To comply with FCC RF exposure requirements, antennas must be kept at a minimum separation distance of 8" (20 cm) from all persons.
SIM TYPE: AT&T

Hercules routers deliver seamless, secure connectivity with built-in AI that proactively solves problems ensuring reliable operations allowing businesses to focus on growth.

Proud Members of NAMA
(National Automatic Merchandising Association)
As NAMA members, we uphold the highest standards in the vending and convenience services industry.

NAMA
Bringing convenience to life.

AI-driven remote monitoring and management (RMM) improves the uptime of your end equipment (kiosks, vending machines, ATMs, etc).

Featuring rock-solid aluminum cases, and industrial specs, Hercules routers are battle-tested in the field routinely lasting 10+ years in the harshest environments.

Hercules AI's Auth-Healing feature reduces expensive technician dispatches, or "truck rolls", letting you focus on growing your business.

You're in Good Hands

Our customers benefit from quick installations, proactive problem-solving, and unmatched support—helping them focus on growing their business while we handle the technical complexities.

"DPL's Hercules AI platform was a total game changer. We've reduced truck rolls by 31%, sped up our time to resolution by 50X, and increase profitability by 36%."
Dan Bean, A&E Vending
